

GSS 20-18 A Professional

1x Dust bag, 1x Punch plate

The efficient sander designed for comfort

- 1

Lessens fatigue
Low vibration value limit to 3.2 m/s²

HEALTH
- 2

Effortless sanding
well-balanced design and high comfort from ergonomic, anti-skid grip

HEALTH
- 3

Efficient dust management
83.5% pick-up rate and detachable bag for easy dust dumping

Marketing & Logistics		Scope of supply	Part no.
SKU	0 601 070 101	Baretool	3601K70101
EAN code	4 053 423 327 366	Dust bag	1619PS1082
Tool dimension (LxWxH)	251 x 90 x 155 mm	Punch plate	1619PS1104
Packaging dimension (LxWxH)	338 x 123 x 172 mm		
Technical information		Target groups	Applications
Input power	[W] 200	Cabinet installers and carpenters	Large wood surface, edge and joint sanding
Stroke length	[mm] 2	Wood-based manufacturing	Sanding larger wood surface and sanding in painting process
plate size	[mm] 90*183	Drywallers/Painters	Sanding plaster to be ready for painting process
Sanding paper size clamp	[mm] 93*230	Metal fabrication	Sanding metal surface and sanding plaster/primer on metal-painting process
No-load speed	[rpm] 8,000-12,000		
Vibration	[m/s ²] 3.2		
Sound power	[dB] 84		

3.1 Product Overview – GSS 20-18 A

Lessens fatigue

Vibration value limits of 3.2 m/s²

HEALTH

Enhanced comfort

Balanced design and ergonomic anti-skid grip

HEALTH

Robust

Replaceable reinforced aluminium base plate
Dust-resistant mechanical system and switch protection

Efficient dust management

83.5% pick-up rate and detachable bag for easy dust dumping

SIMPLIFICATION

HEALTH

High material removal rate

Powerful 200W motor

Good surface quality

high plate flatness with optimal tool balance
